

17TH INTERNATIONAL SYMPOSIUM ON **THROMBOEMBOLISM**

15-16 OCTOBER 2010, THE QUEEN ELIZABETH II CONFERENCE CENTRE, LONDON, UK

Venous Thromboembolism

Arterial Thrombosis

**Cancer-Associated
Thrombosis**

**Meet the Expert
Sessions**

Workshops

Debates

**Multidisciplinary
Faculty**

17TH INTERNATIONAL SYMPOSIUM ON THROMBOEMBOLISM

Day One

Friday 15th October 2010

12.45 – 14.00	Lunch	Mountbatten Lounge
14.00 – 14.05	Welcome <i>Lord Kakkar</i>	Mountbatten Lounge
14.05 – 15.30	Plenary Session I Venous Thromboembolism: New decade, new challenges? <i>Chairmen: V V Kakkar and M M Samama</i> Medical patients - Understanding burden and opportunities <i>G Merli</i> Managing established thromboembolism: What's different? <i>C Francis</i> VTE in surgical patients - Changing paradigms <i>M Lassen</i>	
15.30 – 16.00	Coffee	
16.00 – 17.30	Plenary Session II Arterial Thrombosis <i>Chairmen: Lord Kakkar and F Verheugt</i> Antiplatelet and anticoagulant therapy – Direction in 2010 <i>A G G Turpie</i> Vessel wall inflammation, biomarkers and targeting therapy <i>F Verheugt</i> Atrial fibrillation – How to improve clinical outcomes <i>J Eikelboom</i>	Mountbatten Lounge

17TH INTERNATIONAL SYMPOSIUM ON THROMBOEMBOLISM

Day Two

Saturday 16th October 2010

09.30 – 10.30

Meet the Expert Sessions

Break-Out Rooms

1. Novel antithrombotic agents
C Kessler
2. Women's health and thrombosis
S Middeldorp
3. Prevention of VTE in the elderly
S Haas
4. Managing anticoagulants in special populations
M Huisman

10.30 – 10.45

Coffee

Mountbatten Lounge

**10.45-11.45/
12.00-13.00**

Workshops – The Challenging Patient (60 minute sessions)

1. VTE Prevention

Chairmen: H Bounameaux and M Lassen

The obese surgical patient
J Caprini

Laparoscopic surgical patient
J Arcelus

2. Cancer and Thrombosis

Chairmen: C Francis and H Liebman

Incidental thrombosis should not be treated
For: *A Falanga* **Against:** *F Rickles*

Prophylaxis against central venous catheter thrombosis is not warranted
For: *M Levine* **Against:** *C Kessler*

3. VTE Treatment

Chairmen: S Haas and V V Kakkar

How long is long enough for secondary prevention?
P Prandoni

Do we need initial parenteral therapy?
C M Samama

4. Coronary Artery Disease

Chairmen: C Bode and A G G Turpie

Early prevention strategies: Are we doing enough?
K A A Fox

Risk stratification: Are we improving?
F Verheugt

11.45-12.00

Break (in breakout rooms)

17TH INTERNATIONAL SYMPOSIUM ON THROMBOEMBOLISM

Day Two

Saturday 16th October 2010

12.45 – 14.00

Lunch

Mountbatten Lounge

14.00 – 15.30

Plenary Session III

Thrombosis in the Cancer Patient

Chairmen: M Levine and F Rickles

1. Managing VTE in cancer

Lord Kakkar

2. Cancer and thrombosis: The basic science

W Ruf

3. Antithrombotics and survival: Is it still relevant?

H Liebman

15.30 – 16.20

Debate

Chairman: Lord Kakkar

The future for thrombosis is implementation, not more research!

For: *H Bounameaux*

Against: *A G G Turpie*

16.20 – 16.30

Closing

Organised under the auspices of the Thrombosis Research Institute, London, United Kingdom and supported by an unrestricted educational grant from Bristol-Myers Squibb, Eisai Inc, Pfizer and sanofi-aventis.
